The Baptist State Convention shall be composed of three male representatives from each white Association in the State and one annual male representative appointed by the churches for every fifty dollars contributed to its funds, and of such male life members as have been made so by the payment of thirty dollars at any one time to the Treasurer for the objects of the Convention, and all the officers of the Boards of the Convention. No church shall have more than ten representatives. No one shall be a member of the Convention who is not a member in good standing of a Baptist church in fellowship with us, and no other life member shall be made.

2. The primary objects of the Convention shall be to support Christian education in the institutions fostered by the Convention; to educate young men called of God to the ministry and approved by the churches to which they belong; to encourage education among all the people of the State; to support the gospel in all the destitute sections of the State and of the Southern Baptist Convention; to send the gospel to the nations who have it not; to encourage the distribution and study of the Bible and a sound religious literature: to assist Baptist churches in the erection of suitable houses of worship; to promote all agencies of social betterment; to encourage the proper care of indigent orphan children and destitute and aged ministers of the gospel, and to coöperate with the Southern Baptist Convention in all its departments of labor.

3. This Convention shall meet annually, on Tuesday after the second Sunday in November.

4. The officers of the Convention shall be a President, three Vice-Presidents, a Recording Secretary, a Corresponding Secretary, a Treasurer, an Auditor, and five Trustees. The President, Vice-Presidents, and Recording Secretary shall be elected by the Convention, after a nomination, in open meeting; other officers are to be elected, after nomination by a committee appointed for that purpose. The Corresponding Secretaries of the Boards of the Convention are to be elected as the Convention may determine.

5. The President shall preside and enforce order in accordance with Dr. Kerfoot's Parliamentary Law. One of the Vice-Presidents shall preside in the absence of the President.

6. The Recording Secretary shall record the proceedings, collect and preserve statistics of the denomination, and publish and distribute the Minutes.

7. The Treasurer shall receive all funds represented in the Convention; make public acknowledgement of the same each week through the *Biblical Recorder*; give his bond to the Trustees; forward, at least once a month, all contributions to their destination; at every meeting of the Convention make a full report of his receipts and disbursements, and, on retiring from his office, turn over to his successor all moneys, papers, and books belonging thereto.

8. The Trustees shall secure and hold the title to any and all property belonging to, or which may be acquired by, the Convention and take a sufficient bond of the Treasurer. The terms, conditions, and amount of the bond shall be fixed by the Trustees; and in case the Treasurer shall refuse or neglect to give his bond within thirty days after his election, the Trustees shall have power to elect a Treasurer. They shall report annually to the Convention.

9. The Auditor shall, prior to each annual meeting of the Convention, examine carefully all the receipts, disbursements, vouchers, papers, and books of the Treasurer, and his certificate to the facts in the case shall be attached to the Treasurer's report.

10. The Corresponding Secretary shall solicit contributions to the objects of the Convention, assist the Board of Missions in the employment and payment of missionaries, and labor to promote the cultivation and development of Christian benevolence.

11. The Board of Education shall foster and promote all the educational interests of the Convention.

12. The Board of Missions shall encourage the churches to give liberally to all objects of the Convention; so far as the means at its disposal will allow, supply all destitute portions of the State with faithful and efficient ministers of the gospel; give pecuniary aid, as far as can be secured, for building houses of worship at proper points in the State, and in cases where pecuniary aid cannot be given, commend them to the beneficence of the churches; encourage the distribution and study of the Bible and a sound religious literature in the homes, in the churches, and in the Sunday Schools; encourage Sunday School conventions and institutes; coöperate with the missionary and Sunday School work of the Southern Baptist Convention. The Board shall appoint of their number a committee of seven, to whom shall be committed the Sunday School work, and the nomination for approval by the Board of a Sunday School Secretary or Secretaries to prosecute the work within the bounds of the Convention.

13. The Board shall be appointed annually, and report to each session of the Convention.

14. The Convention year shall close October 31.

15. The Boards of the Convention shall fix the compensation of their respective officers and that of the Treasurer and Corresponding Secretary of the Convention.

16. If, for any reason, it shall be necessary to change the time or place of meeting of the Convention, the President and Recording Secretary of the Convention, and the Corresponding Secretaries of the several Boards shall be a committee with power to make the necessary change or changes.

17. This Constitution may be changed or amended on any day but the last of any annual session of the Convention by two-thirds of those present when the vote is taken voting in the affirmative.

8. The Convention shall decide which agency shall undertake any given work.

9. That individuals, churches, associations and companies desiring the assistance and cooperation of the Baptists in North Carolina, or any part of them, in any work not already fostered by the Convention, shall first present the question to the agency under which it should be properly placed. If the agency should refuse to take it up, it may be presented to the Convention under miscellaneous business or special order.

In addition to this, 60 minutes each shall be given the Sunday School and Sunday School Board, Baptist Young People's Union, Laymen's Movement, and Woman's Work. After the time allotted the several departments mentioned above shall have expired, the remainder of the time shall be given to free and spontaneous discussion.

REPORT OF COMMITTEE ON RECOMMENDATIONS OF BOARDS
OF MISSIONS AND EDUCATION

W. R. BRADSHAW,
LUTHER LITTLE,
M. LESLIE DAVIS,
C. W. SCARBOROUGH,
J. O. FULBRIGHT.

The following report relative to the educational policy of our State, offered by J. H. Matthews, was adopted:

Your committee appointed at the last State Convention to take under consideration the question of the State educational policy in its relation to Christian education in denominational institutions beg leave to report:

At the time of the appointment of the committee the State General Assembly was in session and the committee, after conferring with our educational secretary, R. T. Vann, learned that he had taken this subject matter up with the Committee on Education of the General Assembly, and was in consultation with the State Department of Education with regard thereto. The Chairman of your committee felt that it would not be wise to convene the committee during those negotiations. As a result of the agitation of this matter by the Convention last year and of the discussion in the public prints and the crystallizing of opinion all over the State on the subject, and mainly through the efforts of our educational secretary, R. T. Vann, the General Assembly directed the State Educational Commission "to make a thorough study of the expediency and practicability of having the State issue scholarships to graduates of all accredited high schools in the State, which scholarships shall entitle the holders to free tuition in any standard college of the State at the option of the holders."

In view of the fact that the legislature is thus dealing with this subject, which is embraced in the subject of the resolution calling for the appointment of the committee, we do not deem it advisable to anticipate the work of the Commission. It is the purpose of your committee to ask a public hearing before that Commission which is to report to the General Assembly of 1921, with its recommendation. We anticipate that on this point the report of that body will be in harmony with the views of our educational leaders and of the Baptists generally and others engaged in denominational college work throughout the State.

We recommend that the committee be continued with all its powers heretofore granted with direction to act with our educational secretary in these matters and to report at the next meeting of the Baptist State Convention.

Respectfully submitted,

J. H. MATTHEWS, *Chairman*,
T. H. KING.

C. D. Graves offered the following resolution in reference to the Home Board's extending assistance to other than mountain schools, which was adopted:

In grateful recognition of the splendid service rendered in the past by our Home Board to the Mountain Schools of our North Carolina system, be it

The Chair later appointed the following committee called for in the resolution:

2. That the expense incurred by this committee in the performance of this duty shall be paid by the Board of Education.

J. H. Matthews presented the election of the following members of the Board of Trustees of Chowan College for ratification by the Convention:

Jno. P. Holloman, E. L. Wells, J. D. Babb, C. C. Hoggard and A. Sawyer.

A motion prevailed, which was offered by S. F. Conrad, to the effect that the Convention sermon preached by J. Clyde Turner this morning be published in *The Biblical Recorder*, and also be put in pamphlet form to be sold to our people, the number to be printed being left to the discretion of the Board of Missions.

On motion, the Convention adjourned to meet in the City Auditorium tonight at 7:30 o'clock.

TUESDAY—EVENING SESSION

The Convention met tonight in the City Auditorium with President Spilman in the Chair. After singing "Am I a Soldier of the Cross," led by Eugene I. Oliver, the President called on T. H. King to lead in an intercessory prayer in behalf of the 75 Million Campaign. "The Son of God Goes Forth to War" was sung, and I. M. Mercer prayed especially in behalf

In lieu of the special order for 10:30, "The Campaign Organization Outlined," "The Voice of Business in the Campaign," led by Gilbert T. Stephenson was substituted and the next order of business is to begin at 11:15, instead of 11:00 o'clock.

Walter N. Johnson presented the claims of State Missions, as did also J. C. Owen the claims of Home Missions.

Charles Butler was called to the platform and led the audience in singing a number of familiar old hymns, such as "How Firm a Foundation," "Must Jesus Bear the Cross Alone" and "The Promised Land."

The next special order being Foreign Missions, T. W. O'Kelly, State Member of the Foreign Mission Board, presented T. B. Ray, Associate Secretary of the Foreign Mission Board, who discussed the claims of his Board.

Lee R. Scarboro, general director of the 75 Million Campaign, then delivered an address, pointing out the victories already won in the campaign, some campaign perils, some of the calls of the campaign, and some practical suggestions about Victory Week.

The Convention adjourned without motion.

WEDNESDAY—MORNING SESSION

J. Gentry, for our country in the present perilous times; W. H. Moore, for our women; Charles Anderson, for our laymen; J. M. Justice, for our Sunday Schools and B. Y. P. U.; J. A. Campbell, for the students and teachers in our schools.

The Chair added the name of J. B. Stroud to the Committee on Place and Preacher.

The Chair read a telegram of greetings from the 64 North Carolina students in our Southern Baptist Theological Seminary, and the Secretary was requested to send a suitable response to the message.

H. F. Gilbert, returned missionary of the American Baptist Foreign Mission Society, representing the Inter-Church World Movement, was given the opportunity of making an announcement about the approaching Convention to be held in this city in the interest of that movement.

The Chair recognized Hight C. Moore, Nashville, Tenn., as a visitor to the Convention.

The Secretary read the proceedings of yesterday's sessions, and they were approved.

J. A. Beam offered resolutions with respect to the public schools and the whiskey traffic, which, after discussion, on motion of W. A. Ayers, were laid on the table.

John A. Oates read the following report of the Baptist Seaside Assembly, which was adopted:

REPORT ON BAPTIST SEASIDE ASSEMBLY

It gives us great pleasure to present to the Convention a report of the Fifth Annual Session of the Baptist Seaside Assembly, which was held at Wrightsville Beach in the Summer of 1919.

The attendance was large—440 registered from outside the community and more than 200 from Wilmington and Wrightsville. Interest in the work of the Assembly grows steadily. Large numbers stayed through the entire seven days meeting and attended the classes regularly.

The work is divided into departments as follows: Class room work in Sunday School, B. Y. P. U. and W. M. U. service; lectures on denominational work by our recognized leaders; practical demonstrations of wholesome entertainment for our young people; inspirational and instructive lectures by platform specialists; helpful courses in evangelism; and preaching and singing that serve as models to our people and move the soul to greater service.

Baptists have been so busy campaigning in the years gone by that we have not given as much attention as we should to development. We have the material, and what an obligation it puts upon us to attract them by proper training into the fuller service that brings glory to God, blessing to the world and joy to the individual. It is our duty to discover to these waiting thousands the open way of the abundant life.

This assembly should be made a major training school for the territory as a part of the Constructive program now being worked out by the State Mission Board.

The total expenses of the last Assembly were fourteen hundred dollars, the major part of which was paid for platform talent. Of this amount the State Mission Board appropriated \$500.00. A detached audited statement of all receipts and expenditures will be submitted to the State Mission Board.

We recommend that the State Mission Board review the work to be done by the Assembly and render such financial assistance as in their judgment is necessary.

We have an auditorium, with class rooms, unexcelled, perhaps, in the State. It was built by the Tidewater Power Company at our suggestion at a cost of some \$20,000 and is used by us without any charge whatever.

The most pressing need now is greater housing facilities at moderate cost for those attending the Assembly, and this Committee is at work on plans which we trust will materialize in substantial relief.

The way leads straight ahead for the Baptists of North Carolina. There must be no other than the Christ plan to carry evangelism and teaching together, and without the neglect of either. We have a mighty host, full of spiritual power and interest, capacity to bring things to pass in the Kingdom, and they need only to be led out through enlistment, training and development into the larger life of service, when their benevolence shall bear rich fruitage in generous, judicious benefactions of self, service and substance that shall bring upon us all the benedictions of our God.

Committee.

On motion, the special order was suspended for four minutes, and C. A. Upchurch offered the following resolution from the Flat River Association in reference to the purchase of Oxford College:

Whereas, The Flat River Association at its session at Olive Branch Church in July 1917 indorsed the Million Dollar Movement for Christian Education, and

Whereas, it is greatly to be desired that our contributions for this cause be applied to the purchase and adoption of Oxford College by the State Board of Education,

Now, therefore, be it Resolved,

1. That we heartily endorse the plan to perpetuate Oxford College by the application of the contributions to this fund or the 75 Million Campaign secured in the Flat River Association, to the purchase and adoption of Oxford College as a denominational Institution by the State Board of Education.

2. That we pledge our coöperation in an enthusiastic canvass for the necessary funds.

3. That a Committee of five be appointed to coöperate with the State Board of Education in carrying out the purposes of this resolution.

On motion of A. A. Butler, the resolution was referred to the Board of Education to report to the Convention.

Gilbert T. Stephenson presided over the Conference, "The Voice of Business in the 75 Million Campaign." L. R. Varser spoke of the Campaign from the view point of the lawyer: T. F. Pettus, from the standpoint of the merchant: A. H. Eller, from the standpoint of the banker; C. W. Mitchell, from the standpoint of the farmer; R. N. Simms from the standpoint of the business men in North Carolina.

A. McKaughan, Green River; J. A. Campbell, Little River.

W. N. Jones presented the following report on the Baptist Foundation, which was adopted.

REPORT OF THE COMMITTEE ON BAPTIST FOUNDATIONS

The Committee on Baptist Foundations offers the following report:

Whereas the teachings of Christ reveal the principle of stewardship in such clear light that it is the duty of the Baptist State Convention to utilize the resources and influences of all proper agencies to further a greater and wider recognition of the duty of stewardship;

Whereas the principle of stewardship should apply with equal force to the disposition of one's goods in contemplation of death as during the ordinary course of life;

Whereas it is particularly incumbent upon Baptists in this era of prosperity and generosity to lay the foundations for still greater service through the channels of their denomination;

Whereas the matter of stewardship in the disposition of one's property has been brought to the direct attention of the Convention by a resolution recently adopted by a leading Trust Company of North Carolina offering to receive and administer gifts in trust for the promotion of the Baptist cause, the property so held to be known as constituting The North Carolina Baptist Foundation, and asking the Baptist State Convention to name a committee of five to designate the objects to which undesignated gifts shall be applied and to distribute designated gifts in accordance with the terms of the instruments of gift;

Now, therefore, be it resolved, That it is the sense of the Committee that the Convention should authorize its President to name a committee of five Baptists whose duty it shall be (1), in compliance with the request already made of the Convention to direct the application and distribution of any funds made available before the next session of the Convention through any Trust Company creating a Foundation for Baptist causes by the terms of which the Convention is asked to name a disbursing committee and (2) to take under consideration the whole matter of promoting gifts by deed or will or otherwise to Baptist causes and report with recommendations to the next session of the Baptist State Convention.

Baptist Ministers' Relief.

Approved:

JOHN JETER HURT,
State Representative Relief and Annuity Board of the
Southern Baptist Convention.

November 12, 1919.

The Secretary read the following report of the Press Committee, which was adopted:

REPORT OF PRESS COMMITTEE

Your committee reports that full accounts of the proceedings of this convention are being published in sixteen daily newspapers, twelve of which are being served entirely by the committee and the others, which are represented by local representatives, are receiving the coöperation of the committee.

Early in the year the Chairman of this committee made tentative plans looking toward the securing of publicity for the Baptist work, but later when the Baptist 75 Million Campaign was launched, and a campaign publicity department was established, none of the plans were continued. The publicity department of the campaign has been in constant touch with both the daily and weekly press of this State and reports that the heartiest coöperation has been accorded the department.

Concerning the present Convention, the work of giving it pre-convention publicity was left entirely to the publicity department of the 75 Million Campaign.

Your committee is of the opinion that the appropriation made by the convention for the expense of publicity, should, this year, be transferred to the expense fund of the Baptist 75 Million Campaign, in view of the fact that the campaign has borne all of the expense that would have fallen on this committee.

Respectfully submitted,

T. W. CHAMBLISS,
JNO. JETER HURT,
ARCHIBALD JOHNSON,

Whereas, the citizens of North Carolina, who are Baptists, are so largely responsible for the conduct of the affairs of the State, and whereas, in our intercessional meetings we so completely placed ourselves and our all upon the altar for service.

Therefore, be it Resolved, First, That we set ourselves to the task of lifting the stigma of illiteracy from our State.

Second, That we most heartily pledge ourselves to coöperate with the State in all legitimate ways to make all our public schools the greatest possible factors in making great citizens out of all our people.

Third, That we further pledge ourselves to so mould public sentiment that jurors will not dare fail to do their duty in the conviction of the violators of the prohibition laws—that blockading, and the whiskey traffic shall cease in our State, that our nation and the world may no longer charge us with the shame of being one of the wettest States in the Union.

REPORT OF PASTORS' CONFERENCE

On the afternoon of Monday, Nov. 10, 1919, the Pastors' Conference was called to order by the President, W. S. Olive, of Olive's Chapel church. Singing was lead by E. I. Olive, of Dunn. Devotional services were lead by W. R. Cullom, Brother D. Powell of Franklinton offered the opening prayer; "More Love to Thee" was sung. "Facing the New Day" was announced as the general subject of the Conference. W. R. Cullom read the Prayer of Jesus, John 17, as a Scripture lesson. Prayer was offered by C. A. Owen of Salisbury.

Preliminaries and devotional exercises being over, the order of business called for the program, and J. E. Welsh, of Durham, lead the discussion. His subject was "The Church and Evangelism in Reconstruction Days."

After prayer by F. M. Gardner, of Southern Pines, J. Henry Highsmith spoke on "The Church—Its Work of Teaching."

After prayer by Brother Baskin, pastor of the Chapel Hill Church, M. L. Kesler spoke on the subject, "The Church—Its Work of Social Service."

W. R. Burrell's message on "The World in Ferment" came out of his rich experiences derived in recent travels in fourteen foreign countries.

After singing "Jesus Keep Me Near the Cross" Victor I. Masters spoke briefly, leaving his hearers with the feeling that it is not only a question of keeping the world safe for Democracy, or keeping Democracy safe for the world, but mainly it is for us to attempt to keep America safe for Democracy.

"Every condition demands that he strive for perfection to fulfil the work of his high calling," said J. B. Weatherspoon as he entered upon describing "The Minister—His Personality."

W. O. Carver made the closing address of the evening, his subject being, "The Minister—His Message."

The Committee on Nominations offered the following report, which was unanimously adopted:

President—L. R. Pruett, Charlotte.

Vice-President—G. T. Watkins, Goldsboro.

Secretary-Treasurer—J. E. Hoyle, Lenoir.

W. S. OLIVE, *President.*

J. EDWIN HOYLE, *Secretary.*

APPENDIX A

REPORT OF THE BOARD OF MISSIONS

The eighty-ninth year of our Baptist State Convention is the most wonderful year in our history. But there is promise that it is only the beginning of wonderful years. The tabulated results of our work in this report is not much above the average year of our recent history. But the year is characterized by an enlarged vision of our task, and by definite earnest immediate planning to begin to do larger things. This year will stand out in our history as the time when the silent forces running parallel and crosswise in our Baptist life kindled into a vital unity among our people and broke forth into the Baptist 75 Million Campaign.

FOREIGN MISSIONS

is beginning to get the real attention of our people. In the 75 Million Campaign \$20,000,000 is apportioned to Foreign Missions during the next five years. During this time North Carolina Baptists are expected to give Foreign Missions \$1,466,667. For a full statement of the progress of last year in the foreign fields, see report of the Foreign Mission Board in the Minutes of the Southern Baptist Convention, Page 193. A copy can be had by writing Walter N. Johnson, Corresponding Secretary, Raleigh, N. C. For a statement of the larger plans of our Foreign Mission Work, see the Survey for the 75 Million Campaign which will soon be from the press at the Nashville Headquarters of the 75 Million Campaign.

HOME MISSIONS

has also had a great year. For progress of the year see Home Mission Board Report in the Minutes of Southern Baptist Convention, Page 353. For outline of plans for next five years, see Survey of the 75 Million Campaign. Out of the great Campaign during five years, Home Missions is to receive \$12,000,000. North Carolina is expected to give \$892,833.

STATE MISSIONS

The year in this department of our work has been of normal progress. Two tendencies operating in our State Mission work in recent years are even more marked this year: the lessening demand for aid in the support of weak churches and the growing requests for aid in enlisting all the churches in all the work of our Baptist State Convention and of Southern Baptist Convention. We are

not doing less for evangelization in the State, but we are doing more for the development of our evangelized people. We think this a healthy symptom.

It must be borne in mind also that the tabulation of work in this year's report covers only eleven months.

FINANCIAL

The Financial Report is very interesting this year. Total receipts for State Missions this year \$74,066.20. The Treasurer reports a balance on hand of \$24,303.45. But let us not take too much comfort from this balance; there are several unpaid appropriations to be paid out of it. The salaries of the Missionaries for the month of October have to be paid out of this balance.

For the first time perhaps in the history of our State Mission work we have not had to borrow a cent to carry on the work. We have really come into a new day in our Lord's work.

EVANGELIZATION

This is our first work. The time will never come when the number of people converted and baptized among us will not be the most vital test of our sincerity and loyalty to our Lord. This year 1,478 Conversions were reported from our Mission Churches and 1,012 baptisms. These figures run along with the figures of the last two years, but they are not the high-water mark. We had this year 170 Missionaries working with the Board who were in part supported by State Missions.

CHURCH BUILDINGS

Just between the work of Evangelization and Development of Christians stands the question of church buildings. Once people accept the gospel in a community the work practically stops until a house is secured for saved people to worship and work together in. Our Board of Missions this year spent in Church Buildings \$3,100. This is pitifully small for this work. Unpaid appropriations amount to about \$6,000. We should be putting at least \$20,000 each year into this work. Then the collective intelligence of the whole denomination could be brought to bear on the location and architecture of churches in strategic centers. At present we can not do that without more funds for this purpose. We can only help little weak churches to get small inadequate houses. Our State Board of Missions cooperates with the Home Mission Board in aiding church buildings in needy and important places.

COLPORTAGE

This work is growing slowly. The fact is, it would grow faster if we could only give it the attention that it calls for. But we are limited in capital to carry on this work, and have until recently lacked the office force to carry it on. Now Miss Gaynelle Yates is giving her entire time to this work and already a good mail order business is started. Send to us for any book that you want to buy; we can furnish it at market price.

The Bulletin issued by this Department has been discontinued. It perhaps served a good purpose, but the circulation of the *Recorder* has grown so much, that we have thought it best to stop the publication of the Bulletin.

The Colportage Department is now supremely concerned in extending the circulation of the *Biblical Recorder*. The fact is, we consider this the principal work of this department for the present.

The following is a partial tabulation of the Colportage work for this year:

Number of men at work during year.....	14
Number of men at work at present	7

MOBILE SCHOOLS

have come to stay in our life. The form of these institutions may have to change, but the method of them is going to continue in use among us. This year the second series of Mobile Schools were almost rained out, floods covered almost the entire State for a whole week while thirty-eight of them were in session. But despite this disadvantage we had 48 Schools in all, 304 teachers, 895 students. The cost of the Schools was \$5,219.62. Over 7,000 days hard, faithful, intense work was done by those who are leaders in their churches and Associations.

There is no way to tabulate how many of the schools have been held in the local churches, nor how many students have studied in them.

There has come from these Schools a general demand from many over the State for the book, "Stewardship and Missions" for use in Mission Study. This alone has been worth all the cost and work of the Mobile Schools.

Nothing has occurred among us which shows us so plainly the great amount of splendid volunteer service that is ready all the time in our people for Kingdom work with just actual expenses paid. These Mobile Schools have touched up the North Carolina Baptist morale from the mountains to the sea; they have been a large feature in helping our people to get ready for the 75 Million Campaign. The ten Training Centers of the Campaign were an out-growth of the Mobile Schools. The Mobile Schools next year should be used in conserving results of the 75 Million Campaign.

WORK WITH THE NEGROES

In this stressful time it is necessary for the best of the white people and the best of the black people to touch souls in the spirit of Jesus. There was once a great work done in the "New Era Institutes." It is likely that the relations between the races in North Carolina are better than any other state of the American Republic as a result of the success of these Institutes years ago. But somehow this work was allowed to lapse. This year, under instructions of the Convention it has been renewed: our Board of Missions is coöperating with the Lot Cary Baptist Convention in the support of a teacher of the Preachers of Shaw University and a conductor of Institutes for the negro preachers of the State. We are fortunate in securing Dr. A. W. Pegues to do this work. He is equipped for it in heart and training. We trust he is sowing seed that will bear fruit in all the years to come. We urge our pastors all over the State to coöperate with Dr. Pegues wherever he may go in his labor of love among his people.

WOMAN'S MISSIONARY UNION

At the request of the Education Commission of the Southern Baptist Convention, the Woman's Missionary Union adopted resolutions at the Annual Meeting at Hot Springs, Ark., May 1918, pledging the coöperation of the Union in the Campaign for Christian Education. Falling into line with this policy, our North Carolina Union at the Annual Meeting in Edenton, March 1919, passed a resolution making Education a regular department of W. M. U. work. Many of our Societies and a large number of women had entered heartily into the Million Dollar Campaign for Education previous to this. It was impossible to determine exactly how much had been contributed by them to this object; but after going over the Treasurer's books, the amount of \$22,785.41 was found credited directly to our societies or women who were actively connected with them.

This amount brought our Annual Report nearly to the \$100,000 mark, and would have gone beyond it if we had had reports of money given to this fund by our women.

It has been our policy since our organization to report only money given by or through our societies. However, entering heartily into the \$75,000,000 Campaign, it has become necessary to make some changes in our plans in order to coöperate with the Campaign and the W. M. U. of the Southern Baptist Convention: First by including in our reports all money contributed by women and children in our churches to the objects of the Convention, regardless of whether they are members of our societies or not; Second, by adding the Orphanage and Ministerial Relief to our benevolences.

At the meeting of the W. M. U. in Atlanta, May 1919, North Carolina had the honor of reporting the largest number of new organizations, 213 for the year past. Nevertheless, we have societies in not over one-half of the churches in our State.

Meetings were held in nearly all of the Associations in which we have an organization, most of them attended by our State Officers. An Enlistment Campaign was planned and resulted in an enlarged membership in many of our societies. We trust that this Campaign will add to the efficiency of the present Enlistment Campaign as the methods are practically the same.

Our North Carolina quota for the Church Building and Loan Fund \$31,400 has been completed by gifts, and pledges to Memorial Funds, and the greater part of the amount has been paid.

For the past three years our Union has sent out a prayer calendar and our members are urged to unite in prayer each morning at nine o'clock for our special work for the advancement of the Kingdom.

During the quarter ending February 28th, our churches were closed on account of the influenza epidemic, and it was impossible to hold our Society Meetings both in our city and in our country churches. Notwithstanding this, the quarter's report was the largest we had ever had, a fact which bears testimony to the efficiency of our organization, and to the power of prayer.

It has taken thirty-three years to bring the gifts of the women in our societies from \$500 a year to \$100,000. We are asking in the Campaign that this amount be doubled in one year and that we increase from \$100,000 to \$200,000 per year. We believe that with the enlistment of the great host of Baptist women still alive in our churches, the coöperation of our pastors who through the years have given their sympathy and help in our efforts, and through the power of Him whose we are and whom we delight to serve, we shall accomplish this great purpose.

MISS ELIZABETH BRIGGS, *Junior Supt.*

B. Y. P. U.

I. *Phases of Progress.* The most fitting report we can make is a summary of the progress which B. Y. P. U. work has made during the past year.

1. The awakening among the young people themselves has been exceedingly gratifying. The spirit of loyalty and consecration shown by them has never been more wide-spread. From among the members of B. Y. P. U's. during the year, candidates for the ministry and volunteers for Mission work will number not less than one hundred.

2. The interest which is being taken by the pastors during the year marks a new epoch in the history of our work. In no small way, this is due to the Mobile Schools in which the B. Y. P. U. Manual was taught by many of our pastors to many others who had not previously had opportunity for definite studies in Young People's work.

3. The year has been signalized by advancement made in the B. Y. P. U. Study Courses. Graduates in the Manual now number more than 1,000 since the issuance of the new diploma a little more than a year ago. About one third of these have taken one or more advanced Study Courses.

4. For the completion of two years' Daily Bible Reading, a Certificate is issued by the Sunday School Board, to which seals are attached for every two years' readings subsequently kept up until two have been added. The Department has this year issued 51 Certificates with more than twenty five other names yet to be definitely reported. Some of our young people have kept up the Daily Bible readings for eight and ten years. Of course, this is but the first-fruits of the harvest from the seed-sowing of former times, which will increase with the coming years.

5. The B. Y. P. U. Tithers' League has been started with very gratifying results. The B. Y. P. U. Department has issued a Pledge card which tithers are asked to sign and return, thus becoming members of the League without further condition. It is not our purpose to make any sort of special campaign for this cause except to maintain such publicity as may be necessary to bring this matter to the attention of our young people and gather in results as they may be achieved. Already we have more than 500 members, most of whom are members of Unions, although membership in the League is not restricted to them.

6. Even more prosperous than formerly has been the work in the schools this year. In each of our Baptist schools and colleges, according to latest reports, B. Y. P. U. organizations number from one to five, except one. Special mention should be made of Wake Forest College and Mars Hill in each of which there are five Unions with a general president. The State Banner is held this year by the Mars Hill Unions. Next year a special Banner will be awarded to the school B. Y. P. U. which makes the highest per cent on our system of grading, the school Unions competing among themselves on the basis of two quarterly, or term, reports for the year, instead of four.

7. Conventions and Assemblies. The B. Y. P. U. Convention which met in Asheville, June 10-12, 1919 excelled all previous Conventions in attendance and interest. More than 500 delegates and visitors were present. The next annual meeting of our young people will be held in Durham, June 15 to 17, 1920. At both the Assemblies which were held simultaneously at Wrightsville Beach and Ridgecrest the last of June and the first of July, B. Y. P. U. work was done, mostly in line with the plan which was at that time being carried out in the Mobile schools. This will become a permanent feature of Mobile school and Assembly programs in the future.

II. *Summary of Work.* The Secretary's activities for the year have been varied. During December, 1918, he, along with other State Board secretaries, gave most of the time to the Million Dollar Campaign for Christian Education. Since the Baptist 75-Million Campaign began, he was drafted by the Committee in charge as Executive Secretary, and since the middle of August, he has been carrying on only office B. Y. P. U. work, except on Sundays, in connection with his work in the Campaign. However, with the extra office assistance which was thus allowed to him, an accumulation of office work has been dispatched. Moreover, this summary is an exhibit for only eleven months, of course, since the State Convention meets this year in November,—that is, from December 1918, to October 30, 1919.

1. During the year, the Secretary has spent 155 days in the field, visiting 79 points, and making 157 lectures, and addresses, besides the sessions of classes which he taught. He traveled 6,211 miles.

2. He held, or assisted in the conduct of, 9 Training Schools, each lasting about a week, in which he carried students to a completion of the B. Y. P. U. Manual. Some of these were in cities and others in our Baptist schools. B. Y. P. U. Week at Wake Forest is now an annual event. The Secretary has personally conducted the organization of 11 Unions.

III. *Schedule for the Coming Year.* The following schedule for the year ahead is, of course, subject to such changes as may be made necessary by schedules which will be made up by the B. Y. P. U. Department of the Baptist Sunday School Board, Nashville, Tenn., and promulgated in our B. Y. P. U. literature. But, in the main, it marks out what we plan to emphasize at different times during the year.

SUNDAY SCHOOLS

Our Baptist people never before experienced such an epochal hour as now. Among the activities in which we engage Teaching never held such a large place. This is true in the secular world and it is more marked in the religious world. It is a great hour when more than twice as many men and women meet in places of public worship on Sunday to teach the Bible to all ages, from early childhood to extreme old age, than gather in all the schoolhouses from the kindergarten to the university. This is literally true in America today.

With the change in the date of the Convention and the Associations still not through meeting when this report is written, it is impossible to make any statement of the facts as to membership and number of schools. However, we are led to believe, from general observation, that there has been a fine rallying from the conditions a year ago incident to the great war and the terrible epidemic of influenza. In the statistical tables of the Convention Annual in which will be printed this report, you will be able to find as complete data as is available.

The Secretary indulges a word personal: On August 26, he was stricken suddenly with a complete breakdown. He spent more than five weeks in hospital and in quiet rural surroundings trying to recover. For the last six weeks, he has been doing such light office work as his strength will allow. He greatly regrets the loss of this time, but during the eleven years of his secretaryship he had not taken so much as a week of real vacation. He now sees the lack of wisdom of such a policy.

ACTIVITIES OF SECRETARY

Field Work. For ten months, the Secretary was active in the field conducting four city training schools, more than twenty institutes and the regular routine engagements in individual churches and Baptist schools.

Office Work. The usual campaign of education was carried on using more than 12,000 tracts printed to meet special needs in North Carolina. Fully as large a number of other tracts, furnished by the Sunday School Board at Nashville, was sent to pastors, superintendents and others. An interesting and helpful program for Children's Day was prepared by Miss Mary Livermore of the Thomasville Baptist Orphanage. It fully set forth the organization of the Elementary Division of the Sunday School. On this day, our churches make their major offering for Sunday School Missions. This year it was the best in our history.

Teacher Training. In this great enterprise we have had a good year. In our Baptist colleges and schools, it was our best year. Our institutions received more awards than the schools of any other two

states of the Southern Baptist Convention. We are profoundly grateful for this coöperation in a great work. If our Sunday Schools are to become as efficient as they need be for such a day as this, we must never let up in our churches and Baptist schools until our Sunday Schools are the best taught schools in our State.

Baptist Seaside Assembly. Ten years ago our Secretary in the annual report urged the establishment of this institution. The idea has been fully vindicated in the success of the Assembly. For five years he has been the General Secretary. The Assembly is thoroughly established in the affections of all who have attended. The Secretary has asked to be relieved of the responsibility of this work for next year, if not permanently.

ASSOCIATE WORKERS

The last Convention instructed the Committee to secure an Associate Secretary. Earnest effort was made during the first half of the year to secure such a worker. In June Rev. J. H. Couch was elected. He began his work July 15. He met with the workers in four Mobile Schools to study conditions and make engagements. Since that time he has held twenty institutes, met six Associations in annual session and filled thirteen other engagements. He spends practically all his time on the field.

The Committee was instructed to secure an Elementary Worker for three months. Mrs. Lydia Yates Hillard was elected and rendered excellent service. She participated in twelve Rural Institutes, eight shorter meetings, taught a course in Elementary Work every day in the Baptist Seaside Assembly and in one of the Mobile Schools.

RURAL INSTITUTES

The Sunday School Board at Nashville is furnishing one-half expenses for a definite rural campaign. In our State we have linked up this work with our regular activities. The Secretary and two Associate Workers attended every Institute possible. Besides these the following held one to six Institutes each: E. L. Baskin, C. M. Beach, W. R. Beach, C. C. Burris, J. A. Bryson, Mrs. H. F. Brinson, P. L. Feezor, L. E. M. Freeman, B. P. Marshbanks, S. W. Oldham, W. S. Olive, and F. K. Pool.

We coöperated with the corresponding Secretary in the 48 Mobile Schools. The first division of the Normal Manual was taught in all these schools and we shared expenses with the State Mission Fund. There were 60 definite Rural Institutes besides the Mobile Schools. During last year one of the Normal books was taught in this general way in at least 125 churches in North Carolina.

FINANCES

In 1896, Dr. B. W. Spillman, then Sunday School Secretary, began to ask the churches of North Carolina to give some money that we might have larger and better Baptist Sunday Schools. From then until now the work has steadily gone forward. For twelve years this fund has met the expenses of an enlarging program. We deem it wise to continue this fund in the larger day of the 75-Million Campaign. Of course this money will be a part of the total expended by the State Mission Board under the direction of the Sunday School Committee. We feel that we can gather during these five years over \$20,000, very little of which would be contributed if this policy is not continued. It is unwise to throw away old machinery when it is accomplishing the purpose designed.

The receipts for this year are \$4,921.10. The disbursements \$4,314.71. Vouchers for \$150.00 did not reach the treasurer before he closed his report. For details see Treasurer's report.

RECOMMENDATIONS

1. Former plans and policies must be pressed as follows: Pastors must be definitely enlisted in the work of their schools. Officers and teachers must be trained. Thousands of the 190,000 unenlisted church members must be reached. Church houses must be built or remodeled to secure class-rooms. Equipment must be purchased. The schools must be graded and otherwise adequately organized.

2. We recommend that the Committee be instructed to continue a full time Associate Worker who shall spend as much time as possible in the field and cooperate in office work with the Secretary in Raleigh.

3. In the Rural Campaign, there should be enlargement, carrying out last year's policies as far as possible. The Committee thinks it wise to secure efficient workers to locate and hold these Institutes in definite territory.

4. There should be enlargement of the study of Sunday School Pedagogy in our colleges and schools, as far as this can be done, without overcrowding the present curricula or displacing other essential subjects.

5. We recommend the work be planned on a \$6,000 basis with \$1,400 of this coming from the Sunday School Board, and \$4,600 from our own people.

WM. A. COOPER,
Chairman.

E. L. MIDDLETON,
Secretary.

This will stand out as

AN UNIQUE YEAR

in our history.

It is a time of upheaval, turmoil, transition, enlargement, fusion, vision, intercession and spiritual strengthening.

The propaganda for unionism, the ideal of big business applied in religion, espoused by our War Department during the war, well financed and organized, perhaps this year reached its climax.

The first part of the year the Baptist outlook did not seem bright, it looked as though we would have to isolate ourselves somewhat from other Christians, or else go into the crowd and lose our identity. These seemed to be our two fatal alternatives.

But all of a sudden two things happened; Baptists turned to their original principles of faith for revitalization and they rose almost as one man to put on a world program. We knew afresh that God still walks among us—we followed him into the Baptist 75-Million Campaign, we joined with the Baptists of the North and Canada in an effort to put \$200,000,000 on our Lord's altar. It is great to be living at such a time.

Two things are before your Board of Missions now.

1. Sustaining and enlarging State Mission work for the next five years.

2. Helping our churches in the Follow-Up of the 75-Million Campaign for the next five years.

ENLARGE STATE MISSION WORK

We suggest: Let the work progress in about the following proportions:

I. Missionaries' Salaries, each year, \$50,000.

Larger salaries for pastors encouraged.

Fix minimum salary.

Give one dollar for every two dollars of increase made by Mission Churches to pastor's salary.

Put strong men into destitute fields.

Make a survey of State and plan work accordingly.

Adequate salaries for pastors in Educational centers.

Quit meager appropriations and take hold of points in dead earnest.

Insist on full time Ministry.

II. Educational Centers each year, \$7,500.

Impressive Buildings out of Building Fund.
 Equipment in church buildings for teaching.
 Employ student pastors and secretaries in State Schools.

III. Industrial Centers, each year, \$5,000.

Have Industrial center Conferences.
 Send out women workers.
 Do not turn this work over to Y. M. C. A.

IV. Enlistment and Evangelism each year, \$10,000.

Home Board giving half.
 One man in one fourth Associations of the State each year.
 Evangelism waning among us.
 Evangelism and enlistment coupled.
 Find Kingdom workers to be trained.

V. Colportage and Publicity, each year, \$10,000.

Just getting started in the work.
 Pay part salary of Missionary-Colporteurs.
 Scatter Free Tracts.
 Assist in *Biblical Recorder* Circulation.
 This work will grow if given a chance.

VI. Training Our People, each year, \$20,000.

Sunday Schools.
 B. P. Y. U.
 Mobile Schools.
 Assemblies.
 Bookkeeping in churches, necessary after now, will require trained officers in churches, more training necessary therefor.
 Methods of Every-Member Canvass must be taught.
 Principles of collection to be observed from now on.

VII. Church Buildings, each year. \$20,000.

Pitably small fund now.
 Confined to Mission Churches in the past.
 A new church building era on.
 Must guide in church architecture.
 Do more or quit.

Our State Mission Work is undergoing a distinct change in character. It has been our conception that State Missions was

almost entirely a question of evangelizing the people of the State. There is need that we do more evangelistic work than ever, but now we confront the necessity of developing the churches that have been brought into existence by our evangelistic efforts. Hence, an increase of emphasis is falling upon Church Building and development work—Adjustment in industrial and educational centers.

FOLLOW UP THE CAMPAIGN

We suggest the following steps in this:

I. Stand Consistently and Continually for the Apportionments Fixed Between the Objects of the Southern Baptist Convention and the Baptist State Convention

The apportionment for five years tentatively agreed upon before the meeting of our Convention is as follows:

Foreign Missions	\$1,466,667
Home Missions	892,833
State Missions	663,833
Christian Education	1,966,667
(\$227,333.00 to Southwide Institutions.)	
Ministers' Relief	300,000
Orphanages	610,000
Hospitals	100,000

We recommend that the above apportionments to Southern Baptist Convention objects for five years be ratified by our Baptist State Convention and we recommend that the above apportionments to our Baptist State Convention objects be ratified for one year only and that \$30,000 be taken from the apportionment to State Missions and apportioned to the Board of Education to be used in meeting current immediate necessities in our North Carolina Baptist colleges for this year, and that this amount to be taken from above State Mission apportionment for Education shall be decreased \$10,000 each year so that State Missions shall get its full apportionment the fourth year of the Campaign.

In view of the fact that the Convention last year virtually so instructed, and in view of the present perilous need of the Southern Baptist Assembly, we recommend that \$10,000 out of the State Mission apportionment and \$10,000 of the orphanage apportionment be apportioned this year to the Southern Baptist Assembly at Ridgecrest, provided annual financial reports of the Assembly be made both to our State Convention and the Southern Baptist Convention, and provided that in case the property owned by the Assembly should cease to be used for the purpose of the Baptist Denomination as expressed in its charter, these amounts shall be refunded to the

Baptist State Convention, and provided further that a program representative of all Southern Baptist views is put on each year.

We recommend that a Committee of three be appointed to memorialize the Southern Baptist Convention and the different State Conventions in order to enlist a wider coöperation for the Assembly and to represent our Baptist Convention in the administration of the Assembly in any practical way; also to make such arrangements as will guarantee the execution of these provisions.

In the Baptist 75-Million Campaign pledges and contributions may be designated to each regular object of the Southern Baptist Convention and of our Baptist State Convention, even up to the amount of its quota, or they may be given undesignated.

Every Baptist has a right to designate his gifts and the honor of the denomination is sacredly pledged to see that each designated contribution reaches its destination.

But for the sake of concentration, simplicity, unity and flexibility in our Baptist work each giver in the 75 Million Campaign is urged to allow at least a part of his contribution to go into the Treasury undesignated.

Undesignated Contributions in the 75 Millon Campaign will be used to supplement the designated contributions to each object of our Baptist work in preserving the proportion between the different objects of our Baptist work fixed each year by the Southern Baptist Convention and by our Baptist State Convention.

In this way, each individual Baptist and each local church is left free to give to the cause which makes the strongest appeal in any case, and yet all the individuals and churches unitedly support all our Baptist work.

II. Give Orphanage Place in the 75 Million Campaign

As the apportionment now stands among the objects participating in the 75 Million Campaign the Thomasville Baptist Orphanage is to receive \$610,000 in the next five years. Of course, this apportionment is subject to revision by the Baptist State Convention each year during this period.

All contributions in this Campaign designated for the Orphanage should be sent to the Treasurer of the Orphanage, Thomasville, N. C., as heretofore.

All contributions for the Orphanage from the Sunday Schools and from Thanksgiving offerings during the next five years will count in the Baptist 75 Million Campaign, so also will the Christmas offerings for aged ministers.

The Orphanage is asked to report each month to the Treasurer of the Baptist State Convention the amount contributed by each church on its pledge in the 75 Million Campaign so that proper credit may be given monthly to each church on the books of the Convention.

In addition to the contributions out of the 75 Million Campaign designated directly to the Orphanage, the Orphanage will also have each year such a part in the undesignated funds collected out of the 75 Million Campaign as will guarantee to it its portion of the total collected funds of the Campaign as fixed by the Baptist State Convention from year to year.

III. Systematize Collection of Pledges

Let Board of Missions install this year a unified thorough system of regularly collecting the pledges of the Baptist 75 Million Campaign; this to be done in conference with representatives of the Board of Education, the Board of Ministers' Relief, and the Board of Trustees of the Orphanage and also of the W. M. U. The expense of collection is to be paid out of the Campaign Funds.

IV. Appoint A Committee on Unification

We suggest that the Convention appoint a commission of fifteen to consider the wisdom of unifying our North Carolina Baptist Work so as better to conserve the 75 Million Campaign, and if they think well of it to report a plan of unification at our next session of the Convention. We urge that this committee be very thorough and careful in its work and we recommend that all necessary expense of this work be paid out of the Campaign Fund. This is not to be understood as committing this Board to any views on this matter.

V. Let Convention Pledge Itself

to use every means to collect the pledges of 75 Million Campaign and to aid the churches in a thorough Every-member Canvass for the sake of the non-giving members, for the sake of new members and for the sake of the souls of those who should increase their contributions.

VI. Fix A Calendar

We urge that as soon as possible we fix a calendar so that all the agencies within our churches, the Sunday Schools, the W. M. S., the B. Y. P. U. and the Layman's Movement etc., shall all be stressing the same object at the same time. As the present nearest practicable approach to this necessary simultaniety in each church and throughout our Baptist State Convention we recommend the following calendar for the next year and request all the agencies of the Convention to follow it.

We ask the B. Y. P. U., W. M. U., Sunday School Board, Home Mission Board, the Southern Baptist Convention Board of Education to regard this calendar in the distribution of their literature and in the fixing of special days in our North Carolina Churches.

This report has not been passed on formally by the Board of Missions. It was impracticable to get a meeting of the Board. The Executive Committee, the B. Y. P. U. Committee and the Sunday School Committee have endorsed it: this report is therefore a report both to the Board and to the Convention.

In a trying year, we have done our best to carry out faithfully your instructions. Brethren, we await your advice for next year.

WALTER N. JOHNSON,
Corresponding Secretary.

APPENDIX B

REPORT OF BOARD OF EDUCATION

The fifth year of this Board's service has been marked by special evidences of divine favor, for which we thank God and take courage. Conditions have been unsettled and apparently unpropitious in civic, commercial, social and religious life; repeated efforts have been made by men in high places to undermine evangelical faith and obliterate denominational lines. Nevertheless, "the foundation of God standeth sure" and His people have remained steadfast and have abounded in the work of the Lord.

FINANCES

While there has been no phenomenal growth in the regular contributions to Education, the records show within this five-year period an increase of 184 per cent in contributions. Receipts for the current year are \$15,719.48, which is 34 per cent above those of any previous year; and this increase was notable before the launching of the great Campaign. But better still, these years have witnessed a marked quickening of the Educational spirit among our people.

WORK OF THE SCHOOLS

Our educational institutions in the State have kept pace during the past year with the general line of advancement. The enrollment for 1918-1919 was seriously reduced both at Wake Forest and in our high schools by the demands of the Government, and war conditions in general operated unfavorably on these institutions; so that the losses appearing in the attached table of enrollment were natural and unavoidable. But reports this fall indicate an increase to date in students over the total enrollment of the previous session of 9 in our high schools and 101 in the colleges. In fact, all previous records have been shattered. And the pressure for rooms has been so great that four high schools are already erecting new buildings, three others have just completed buildings, and the indications are that most of the others will have to do so soon or else turn off numbers of students. Wake Forest has been hardly bested to find living rooms for its students and faculty; while Meredith has had to place numbers of both teachers and students in private homes, and is seriously cramped for classrooms.

SPECIFIC NEEDS

All but one of our high schools are calling for more dormitory buildings; all need better equipment; three need auditoriums; two need larger dining rooms and kitchens; six need water-works; three need lighting systems; three need heating plants, and most of them need more teachers. Five report no debt; the total indebtedness of the others, as reported, is \$57,570.

The colleges are in similar straits. Chowan reports the need of another dormitory building and more equipment. Meredith requires the immediate erection of a dormitory building, larger dining room and kitchen, a library building and more teachers. Wake Forest should erect at once a large dormitory building, provide additional laboratories and library facilities, more teachers and larger salaries. The total debt of these three institutions is reported as \$124,411.89. Total indebtedness of all our schools and colleges, \$181,981.89. And it should be repeated over and over that in our new building plans mere makeshifts in dormitories and furniture will no longer avail. With the vast improvement in living conditions and home comforts among our people, students cannot be kept in schools which are unable to offer something like the conveniences to which they are accustomed. And even the most charitable comparison of our educational institutions with those of the State and even with those of other denominations in respect to buildings and equipment, reveals a contrast both surprising and disheartening.

But the very largeness of these needs is encouraging. They are manifest marks of prosperity. They mean such an enlargement of business that more capital is required. They show that these growing children of ours must have more and better food and clothing. The larger outlay may not be pleasant, but the occasion for it rejoices the heart.

However, on account of the serious embarrassments confronting our educational institutions, at a recent conference of brethren representing these institutions, the Board of Education and the Mission Board, it was agreed to ask that the Convention instruct the Board of Missions to turn over to the Board of Education from the funds apportioned to State Missions \$30,000 for the first year of our five-year period, \$20,000 the second year, and \$10,000 the third year; also, that the Board of Education be instructed to apply as collected all funds raised for education in the Seventy-five Million Movement above the One Million originally planned for, to the current expenses of our educational institutions.

These recommendations are made in the hope and belief that at the end of the five-year period our churches will have acquired the habit of contributing in their regular collections enough to afford material assistance to our schools, besides providing for the regular benefactions of the Board of Education.

MILLION DOLLAR CAMPAIGN

While this Campaign was pressed as vigorously as practicable from the close of the last Convention in January until the inauguration of the South-wide Movement in May, we are unable to report as large results as we could have wished. It is likely that the oversanguine reports at your last session from the various fields, of subscriptions already in hand, though not turned in, and other subscriptions which were considered reasonably sure, created in some quarters a feeling of overconfidence, which resulted in relaxation of effort. Many of these subscriptions have failed to materialize.

However, the \$450,000 in subscriptions reported last November 31st has increased to \$593,533; and the collections to November 1st amount to \$72,154.94 in cash, and \$175,906.44 in bonds and stamps; totaling \$248,061.38. There is good reason to believe that but for the inauguration of the larger campaign, our million-dollar goal would have been reached by this time.

Meanwhile, it is important to remember that while all contributions to the Million Dollar Campaign will count in the Seventy-five Million Campaign, all amounts given to the former should be forwarded to headquarters in Raleigh, and all outstanding notes should be paid, so as to complete the million as soon as practicable, in order to secure the conditional gift of \$175,000 from the General Education Board in New York. In making up one's subscription to the Six Million Dollar Fund he can, of course, include what he has given or promised to the One Million Fund, and credit himself, if he wishes, for that much on his larger subscription.

APPEAL OF THE BIBLE INSTITUTE

At your last session, on the recommendation of this Board, you instructed us to remit from our regular contributions, \$200.00 to the Student Fund of the Bible Institute in New Orleans. This institution is now asking that you increase that appropriation to \$1,000 annually and appropriate another \$1,000 annually to its current expense account. President Dement states that the annual budget for the Institute calls for \$40,000, and says that while the Institute hopes to participate in the benefits of the Seventy-five Million Campaign, to the amount of \$500,000, if it has to draw upon this sum while it is being collected, at the close of the five-year period, instead of the half million hoped for, there will be left only \$300,000 for buildings, equipment and endowment, which would be entirely inadequate to meet the needs of the institution.

GREAT FORWARD MOVEMENT IN EDUCATION

As an evidence of the general educational awakening among our people, the Southern Baptist Convention at its last session created a General Board of Education for the South. This Board met promptly and voted to establish headquarters in Birmingham, Ala. No Corresponding Secretary has yet been secured; but pending his election, Dr. J. S. Dillard, pastor of the Southside Church in Birmingham, is acting in that office.

Moreover, of the Seventy-five Million Dollars it is proposed to raise in the next five years, \$20,000,000, or a little over one-fourth, has been apportioned to education. And while any Baptist church or individual is free, of course, to designate gifts, it is urged and hoped that all will follow in general the suggestion of those who, having carefully surveyed the whole field, should be in good position to advise. Of the Six Million asked from North Carolina Baptists, \$1,600,000 would go to education.

HANDLING THE SIX-MILLION DOLLARS

With the merging of the Million Dollar Campaign into the Six-Million Dollar Movement for our State and the inauguration of larger financial plans which this new movement seems to necessitate, Secretary Vann has asked to be relieved of the work of Treasurer of the Million Dollar Fund, partly because of physical disability but chiefly because he realizes that under the new conditions the office of Treasurer would require the whole time of an expert bookkeeper and accountant. Accordingly, your Board has accepted his resignation, and in coöperation with the Board of Missions, has decided to recommend the employment of a Treasurer for the Million Dollar Fund and all other benevolent funds of the Convention.

APPENDIX C

REPORT ON SOCIAL SERVICE

This Report embraces discussion of general Social Welfare, the Orphanage and Ministers' Relief. First, Social Welfare being discussed by Mr. Roland F. Beasley, Chairman of Committee on Social Service, and the discussion of the Orphanage and Ministers' Relief being reports from these two Institutions respectively.

SOCIAL WELFARE

The physical, intellectual and spiritual are so wonderfully interlaced in man that society cannot be fully saved in any one of the three until it is saved in all.—*Josiah Strong*.

Jesus Christ, properly understood and appropriated, means the making over of the entire man. Christianity, properly interpreted, will cleanse human society and bring about the kingdom upon earth as it is in heaven. This cannot come till Christians learn universally to think, feel, and act, in terms of the common Father-ship of God and the brotherhood of man as Christ so constantly taught these ideas. The most significant thing in the world today is the groping of mankind for a more complete appreciation of the essentials of Christ's teachings. The Church dare not fail in this crisis to make plain the way of access for mankind to the wholefulness of life which the way of Jesus offers so abundantly to the individual and to society.

If we are to judge the success of Christianity in the light of church membership it must be a partial failure, for only about one-fourth of the population of the United States is enrolled in all the Protestant denominations, and this is a country where the churches have had the opportunity for fullest development. But if we may judge Christianity by its larger influence in the permeation of the social structure generally and its influence upon every phase of life outside the Church, it is increasingly successful in uplifting men and cleansing society.

It is possible that we cannot look for a relative increase in church membership, hence the influence of organized Christianity must continue to be exerted in two directions if the churches are to meet their obligations in the present situation.

The first, of course, is the development of the churches themselves and the growth of the Christian graces in their own membership.

The second is in upholding and pushing forward those humanitarian movements which are everywhere manifest outside the

Church, but which are clearly Christian in their origin and whose impulse is constantly renewed from the teachings of the Church.

There used to be much heard a song which pleaded for the time "When Christians will vote as they pray." This means that Christians must so put on the whole armor of Christ that they cannot separate themselves from their duties as Christians and as citizens.

The history of prohibition is an excellent example of the two relationships which every church member has. As a church member he first was taught that he could not be a true follower of Christ and be a drunkard at the same time. He was next taught that he could not be a Christian citizen and refuse to do his part towards wiping out the whole damnable traffic. When he learned this lesson prohibition came, but not before.

The same is true of the other great social evils which exist by tolerance of society generally. They will come to an end when Christians persuade society that they should end.

The realization of the dreams of human welfare generally and of those specific ones known as social service, likewise has two phases. One is negative, the other positive. One is restrictive, the other expansive. The mode of attack in the one case is to persuade a majority of the people to legally abolish certain things, as the whiskey traffic has been forbidden. In the other case the mode is in offering ever greater facilities for the teaching and training of the population in right thinking and living and in always widening the access of the entire population to the best of the social heritage.

Public health, public morals, public education, public child welfare measures, better living conditions, preventable deaths, preventable neglect and poverty, exploitation of women and children, indecent amusement, political probity, and everything else that concerns society as a whole, are a primary concern to the Church and to church members.

Baptists stand against any organic relation of Church and State, but they stand as firmly for the idea that their laws should be made and executed in, and the activities of the State be controlled by, the principles of justice, love and righteousness of Christ.

The State is fast assuming its obligations in relation to the poor, the physically and mentally defective, the dependent, neglected and delinquent children. In addition to all that the denominational orphanages can do there is a vast field of child welfare work which no state can neglect and call itself either Christian or wise. The legislature of our State has recognized this fact and begun the work so long neglected. In his excellent book on "The New Citizenship" Dr. A. T. Robertson says that the children are

our greatest national wealth. North Carolina has definitely taken her stand with Chas. B. Aycock, the great Christian statesman, who said in his last speech:

"It undoubtedly appears cheaper to neglect the aged, the feeble, the infirm, the defective, to forget the children of this generation; but the man who does it is cursed of God, and the State that permits it is certain of destruction.

"Equal! That is the word. On that word I plant myself and my party—the equal right of every child born on earth to have the opportunity to burgeon out all that there is within him."

The statesman who takes this stand, and the state which undertakes to make it good, deserves the untiring support of every Christian citizen and every form of organized Christianity.

In providing juvenile courts, compulsory school attendance, medical inspection of school children, dental clinics for school children, a child welfare commission to aid in the work of substituting child training for child labor, an infant hygiene bureau, a county superintendent of public welfare to look after the needs of neglected children, the enlargement of the Jackson Training School for boys, the creation of Samarcand Manor for wayward and neglected girls, the enlargement of the training school for the feebleminded, and other similar undertakings, North Carolina has begun to respond nobly to the Christian impetus, most of which has been due to the pioneer work done by the denominational orphanages. Every church and every church worker ought to stand by these agencies in their own communities and help them do the great work for which they are intended.

Your committee feels that this work should be rounded out by the State in providing aid for worthy mothers to enable them to keep their children together in their own homes when nothing else than poverty stands in the way. Child neglect and unsatisfied child needs are still appalling in the State. None except those who are in position to come in closest contact with these demands can know how great they are. The State should also establish an institution for wayward colored children.

There is a social field in which the Church should stand pre-eminent, and that is in leading its own youth into fields of wholesome social contact and amusement. In many sections of the State the opportunity for the expression of the natural social instincts of youth is wholly lacking. If the churches are not willing to surrender their youth to the devices of the devil and let them become a prey to unwholesome commercialized amusements, they must take up seriously the matter of offering a better social atmosphere within their own congregations. We must fight for this field or surrender to the forces of evil. It is not enough to hold a revival and get the children into the churches and Sunday Schools. There must be follow-up work in providing a morally

stimulating and appealing social atmosphere. The sooner this battle is fought by the churches, the easier will it be to win. No scheme of social welfare for childhood and youth can be complete unless it embraces means for wholesome recreation, and the coming together of both sexes under proper conditions and in natural social contact. The old time church social is not to be despised. The Church must think of this.

A late authority on child welfare says:

"In modern social work the emphasis has been shifted from the parent to the child. The fact that this is so is due largely to belief in the principle 'an ounce of prevention is worth a pound of cure.' Not relief but prevention is the slogan of modern social work; not palliatives but fundamental social reforms are demanded today. It is well, then to begin with the child, for he presages the coming man. He is the plastic material that can be molded ill or well; he is gigantic in possibilities, but dwarfed if without opportunity.

"We are beginning to realize that the more time and energy that are spent on the child, the more lasting and profitable is the investment. To educate and train the child is worth infinitely more than to labor with the deficiencies of the man with his crystallized habits and morals.

"Again, child welfare involves adequate physical, mental, and moral development. If proper attention is not given to this, it is not possible to cope successfully with varied problems of daily life. Childhood is the time of preparation; afterward little can be accomplished. Let society concentrate more of its energies on the child, instead of scattering them as it does today, and then with an equal expenditure of effort it will accomplish more good than can be realized in any other way."

Your committee recommends that pastors and churches should in addition to giving their earnest support to the regular and special undertakings of the denomination, make special efforts in their congregations and communities to do the following:

1. Uphold the general plan of child welfare work now being undertaken by the State and counties, especially the juvenile courts, the compulsory school attendance and child labor laws, medical inspection and dental clinics for school children, and the work of the county superintendents of public welfare in behalf of children, the poor, the afflicted, and the delinquent classes.

2. Provide some wider means in each congregation for social gatherings for the young in order to counteract the vicious amusements which are constantly drawing the young away from home and church.

3. Seek to have the prohibition laws fully enforced and uphold the public officials in suppressing vice and immoral conditions in each neighborhood.

THE ORPHANAGE REPORT

This report does not undertake to give a minute and detailed account of the year's work, but in brief form presents our progress, suggests our needs, and all with a brighter and larger outlook upon the future.

Here is a condensed statement of facts:

The demands upon us have increased and have been more insistent than ever. Hundreds of applications have been turned down within the last few months for lack of room. I deem it not out of place in this report to emphasize again the need of other sources of relief for the worthy widow and her children. Hitherto the Orphanage has been the only form of public welfare effort in their behalf. But the Orphanage cannot begin to give the relief that ought to be given; and besides, if we had room we cannot always give it in the most helpful form. Some have advocated a State Orphanage on a scale sufficient to meet the needs. This, in my judgment, would be an unwise expedient. In this connection I wish to call attention to some recent legislation by which the State Board of Charities and Public Welfare enters a much larger field of usefulness. I commend to you the study of this plan of county organization. Our hope of final relief lies in the direction of prevention and in helping the worthy widow and her children in her own home. The Orphanage should never be the means, or the excuse for breaking up a home in which there is a mother in good health, capable of controlling her children and of worthy moral character. No state in the union has undertaken a more constructive program than we have in the legislation referred to, and we should call on all Orphanage friends everywhere to make

sentiment for the county public welfare work as it is now being developed. When this is done I believe the Orphanages already in existence, well supported, can practically care for those who should be really eligible. There is danger ahead of us from the fact that in almost every community in the State some needy cases have been turned down for lack of room. Finally this will react against the Orphanage and the complaint will be that application was made and the Orphanage would not take them. This is a possible danger in the future. So far it has been used against us only in a few cases.

We had a good year financially. The "One Day's Thank Offering" went beyond our expectations, coming as it did in the midst of the great epidemic which closed the majority of our churches. We need no further proof that North Carolina Baptists can take care of a cause when they unanimously and heartily want to do it. We are speechless in the face of such generous support.

We confidently expect that the Thank offering to be taken within a few days will far surpass any record made hitherto. The impulse of the 75 Million Campaign has already been felt. The day of small things has forever passed.

We have not urged an increase of buildings for the past few years on account of the unsettled conditions through which we are passing. But we are glad to report that we are to have, as soon as it can be built, an office building to be known as the Barnes Memorial in honor of R. R. Barnes of Robeson County. This fills a need that was becoming acute. The work of the office has increased within the past ten years over 300 per cent. This is due not only to the enlargement of the work itself, but because we are keeping better records. An accurate account is kept with every church in the State which makes contributions to the Orphanage. In addition to our most efficient office secretary, two of the Orphanage girls help in the work. The volume of correspondence increases with the years, and also with the widening circle of social service, with the Orphanage as its center.

We have also in prospect two new cottages, which should be erected next summer, if building conditions permit. But this should not mean that an additional number of children can be received equal to their capacity. Our buildings are already over crowded.

As has already been discussed with our Board of Trustees, I wish to suggest again the wisdom of going back to the original plan of the days of Mills, that of the unit cottage system. Our nurseries have never departed from it; that is, each cottage has its own kitchen and dining room. To make this change in all the cottages calls for heavy expenditures in equipment. The experience of other institutions suggests that the running expenses need not be larger than with the present central dining room.

The advantage gained will be that each cottage will become more like the ordinary home. Seventy-five thousand dollars could be well used in making these changes.

Our school work is in excellent condition. Miss Hattie Edwards, who for several years has been principal of the school, is now at the Kennedy Home in charge of the school work there. They are now in their new school rooms which enables them to do more efficient work. At Thomasville Mr. B. C. Ingram, formerly one of our own boys, is principal of the school work and in charge of the largest boys' cottage. So upon the whole, our work is in better shape than it has ever been before.

We have experienced much difficulty in securing teachers and matrons, and we wish to make an appeal to our best equipped young women to think seriously of taking up this kind of work as opportunity presents itself.

The addition of the swimming pool and some playground and athletic equipment has enriched the enjoyment of the boys and girls. This expenditure is as necessary as any we ever made. The play life is as necessary as the work life and is also a great help to a normal religious life.

Our religious life has never reached our ideal, yet our present condition is encouraging. At the special service, "Calling out the Called" a number of the larger boys and girls made earnest response.

We have suffered the loss of our old pastor, Dr. Mercer. While this gives regret, we are able to experience two pleasures, one, dwelling in pleasant memory on the work of the pastor gone, and the other is the pleasure of so easily learning to love the new pastor, Dr. Hardaway.

In conclusion, a pleasing note to make is that since the last Convention we have not lost by death a single child, member of the Board, or well known friend of the Orphanage.

M. L. KESLER,
General Manager.

REPORT OF THE BAPTIST MINISTERS' RELIEF BOARD

The status of the work of the Ministers' Relief Board may be characterized by "Four Greats":

1. We have had a Great Year. Forty-two beneficiaries have received aid since last Convention—the greatest number in the history of the Board. The Treasurer's report will show the greatest amount of money ever contributed to this object and raised at the least cost—less than 1-3 of 1 per cent.

2. There is a Great Task before us—the task of raising \$300,000 which is our part of the 75 Million Program.

3. We have a Great Decision to make. We must soon decide the question as to whether or not our work shall be placed in the hands of the Board of Ministerial Relief and Annuities established by the Southern Baptist Convention and located at Dallas, Texas, with Dr. Wm. Lunsford at its head as Corresponding Secretary. Three-fifths of the State Conventions have voted their work into the hands of the Southern Board and have already entered upon the period of adjustment. The convention at Greensboro appointed a committee to act with the present Board of Ministers' Relief and make recommendation in regard to the matter to the Convention at its session this year.

4. The work of Ministers' Relief makes a Great Appeal to the hearts of men as the achievement of this Board witnesseth:

Not more than half of the associations have ever been visited in behalf of this work. Very few of them have ever been visited more than once. Yet, the Board has been able to take care of the needs of the work quite adequately and lay by an average of \$1,000 for each of the twenty-nine years of its history. Contributions were increased fifty per cent in one year by the Corresponding Secretary visiting twenty-six of the associations. This would indicate that a good strong plea for Ministers' Relief will not hinder the work of the 75 Million program, but will greatly aid in the raising of the money.

Respectfully submitted,

J. M. ARNETTE,

Corresponding Secretary.

APPENDIX D

REPORT OF BIBLICAL RECORDER

We are glad to report to the Convention that the condition of the *Recorder* is good. The price of paper has advanced and the cost of having the mechanical work done has increased, but we have been able to meet expenses and get through the year without financial embarrassment. This is due to the fact that we have used dividends from the Mutual Publishing Company and the rent from the building in supplementing the income from the *Recorder*. Without these two sources of income we should not have been able to publish the paper at the present price and with the present number of regular subscribers.

OLD SIZE

We regreted the necessity of reducing the size of the paper two years ago, owing to war conditions. For eighteen months the smaller size was issued, but during all that time it was unsatisfactory. We could not print all the valuable matter that came to the office and it was necessary to condense much that we did print. Knowing that our space was limited many of the brethren withheld news that would have been of interest to the brotherhood.

On the first of July, last, we went back to the old size. The expressions of gratification which have come from all parts of the State are evidence of the patience and loyalty of the readers of the *Recorder* during the period of its contraction. No where was the pleasure experienced by a return to the larger size quite so great as in the *Recorder* office. Though the directors knew that the cost of printing would increase, they hoped that the business of the Mutual Publishing Company would enlarge, and the *Recorder* subscription list grow longer. These hopes have been partially realized. We earnestly hope that it will never be necessary again to reduce the size of the paper.

NEW SUBSCRIBERS

The managers of the 75 Million Campaign, being fully convinced that the Baptist papers of the South would be important factors in the prosecution of the Campaign, determined to make an earnest effort to double the number of subscribers of every Baptist paper in the South. Consequently, committees were appointed in many churches, and most of these committees did fine work. The movement was begun in August, but did not get into full swing in this State until the latter part of September and the first of October. We are glad to say the results have been quite gratifying and thousands of new names were added by the efforts of the *Recorder* com-

mittees. Many individuals and churches ordered the *Recorder* sent to families, who were not subscribers, until the close of the Campaign.

After the special efforts just mentioned had been completed the *Recorder* was sent, by the Campaign Committee, to available families in the State who were not receiving it. This was done in compliance with the unanimous request of a conference composed of two or three hundred brethren gathered in Raleigh from all sections of the State. These complimentary subscriptions run only until the first of January. The subscription list is more than twice as large as ever before. Until the first of January the paper will go to forty thousand subscribers. We trust, and believe, that this larger subscription list will mean much for the success of the Campaign. We suggest that those who did such fine work in canvassing for the paper be appointed to secure renewals before the first of January. On that date we shall be forced to cut off the names of short term subscribers, if their renewals shall not have been secured before then. It costs from \$300 to \$400 a week to get out the extra papers necessary to supply the short term subscribers. For this reason we are anxious that an earnest effort be made to enroll them as permanent subscribers before their subscriptions expire.

As a forecast of the improvements we have in contemplation has already been published we shall not take time and space to repeat it here. It is our sincere desire to make the paper of as great value as possible to the kingdom of God, and worthy of the Convention of which it has the honor to be the organ.

LIVINGSTON JOHNSON, *Editor*.

J. S. FARMER, *Business Manager*.

For the data given in the following pages the Secretary is chiefly and gratefully indebted to the clerks of the respective Associations.

The total contributions of the entire church—Sunday Schools, W. M. U. agencies, etc.—are meant to be included for the various objects indicated.

On account of the Convention meeting a month earlier and the long illness of the Secretary as complete data as usual could not be secured. Most of the work was done very hurriedly and the usual research could not be made.

Names of churches having preaching every Sunday are printed in SMALL CAPS; those having preaching two or three Sundays are in *italics*. If there are errors it is due to information being withheld by clerks.

Churches or single items marked thus (*) have the latest available data.

ceived; in some, perhaps most, chaotic conditions have prevailed, especially in Russia and Central Europe; these have defied the accepted rules of estimates known to skilled statisticians; losses by war and epidemics have been too great to permit estimating that approaches reliability.

The statistics of Southern Baptists, however, approach the real facts; where direct information was not obtainable the accepted rules of estimates, based on comparison with records covering over thirty years, in this office, have been carefully followed, with the percentage arrived at with some degree of accuracy, but the minimum has been chosen for the foregoing tables for the sake of safety. Numerical figures of additions by baptism, etc., and diminutions, cannot, of course, be estimated, as the total membership, by comparisons, can be. The financial figures in such cases are the minimum; the full figures would show an increase above that which is reported.

NOTES

The conditions prevailing in America, and noticeably in foreign lands, have been the cause of despair to the conscientious statistician. Many of our Associations were prevented from meeting and some that did received reports from only a portion of the churches. From foreign lands no reports have been re-

STATISTICAL SUMMARY—SOME OBSERVATIONS

By E. L. MIDDLETON, *Secretary*

The early meeting of the Convention, the late arrival of reports from Associational clerks and the long illness of the Secretary make it necessary to omit a few features of the report and one is a careful digest of the facts. We make just a few observations:

CHURCHES AND MEMBERSHIP

There are 2,198 churches—a gain of seven. Several inactive churches have been dropped. There are 292,764 members—a gain of 3,794. The clearing up of the rolls of a few churches account for the failure of larger gains. We predict by next year the 75 Million Campaign will cause many churches to so purge their rolls of members lost by removal that there will be a decline in membership.

BAPTISMS

There were 13,404—a gain of 136. We must remember the period of the epidemic of influenza came during the last Associational year. Hundreds of churches failed to hold their annual meeting. Such fine returns ought to prophecy a great ingathering by baptism next year.

FINANCES

The year has been the best in our history. The amounts reported to the several causes are as follows: State missions, \$81,606.47; Home missions, \$68,337.97; Foreign missions, \$85,587.65; Sunday school missions \$7,276.82; Orphanage, \$114,865.08; Christian education, \$255,650.49; ministers' relief, \$11,404.86; Total \$624,729.34—a gain of \$309,691.71. You readily see that over 75% of the gain was in Christian Education on account of payments on the old Million Dollar Campaign.

PER CAPITA CONTRIBUTION

The per capita for the Convention is \$2.13 as compared with \$1.09 last year. Some Associations make a very fine showing:—Liberty leads with \$6.74. The following alphabetically are equal to or above the State average:—Beulah, \$4.10; Buncombe \$4.06; Central \$4.15; Chowan \$2.30; Eastern \$2.85; Kings Mountain \$4.46; Mecklenburg-Cabarrus, \$2.13; Mt. Zion, \$3.17; Neuse-Atlantic, \$3.36; Pee Dee, \$3.65; Piedmont, \$4.19; Pilot Mountain, \$3.80; Raleigh, \$2.78; Roanoke, \$4.69; Robeson, \$4.03; Sandy Creek, \$2.41; Sandy Run, \$2.19; South Fork, \$2.26; South Yadkin, \$2.60; West Chowan, \$3.14; Wilmington, \$2.31.

SUNDAY SCHOOLS

There are reported 2,094—an apparent loss of thirty-one but this is in failure to get reports from mission or branch schools. Then again some of the schools failed to open after the closing on account of the epidemic last winter. The membership reported is 213,755—a gain of 918. We have reports from a few mission schools aggregating over 2,000 but these have not hitherto been counted.

COLLEGES AND SCHOOLS

The value of property is \$1,996,822.38. This is a gain in value of \$505,132.38. This is accounted for by new buildings, added endowment from the Million Dollar Fund and in a few cases the appreciation in property values because of changed conditions. Buies Creek Academy has been added to the system. The enrollment last year was 3,969, a gain of 815.

WOMAN'S WORK

There are nominally fewer societies than last year but Miss Carroll assures me there are more at work than ever before. The women have begun the pruning process too. They make a great showing with 1,530 societies and contributions aggregating \$98,309.60.

WHAT OF THE FUTURE?

Next year is crucial. The information, organization and inspiration from the 75 Million Campaign ought to produce some marked results. I predict the giving of nearly \$1,000,000.00, the increase from Baptisms of at least 17,500, the addition of 20,000 to our Sunday Schools and a visible decrease in church membership.

LIST OF ORDAINED MINISTERS

*Those Marked Thus * are Pastors.*

Fifty-nine Associations have sent in lists for 1919. Some did not make proper designations whether they are pastors or not. This will account for some errors. We had to check from old data in the Brier Creek, Brunswick, Brushy Mountain, Dock, South River, Transylvania and Yancey Associations.

Using the above data we have added 182 new names, changed 181 post offices, erased 166 names because of deaths, removals and lack of information and made 93 other changes.

Following the regular list, you will find a list of ministerial students and a list of those who have died.

Of course there are many errors yet, but we have tried to make the list correct. Over 600 churches change pastors every year. This makes it impossible to keep the list up-to-date. Send me any corrections that ought to be made.
